2. SCOPE & ELIGIBILITY

This policy applies globally to:

- All permanent full-time and part-time employees.
- Fixed-term contract employees paid directly through Company payroll.
- Executives, directors, and statutory board members.
- External contractors, consultants, and third-party vendors *only* where an executed Statement of Work (SOW) explicitly incorporates this policy document.

3. DELEGATION OF AUTHORITY & APPROVAL THRESHOLDS

Expenditures must be approved prior to reimbursement according to the matrix below. No employee may approve their own expense report or that of an individual to whom they report hierarchically.

- **Client Entertainment > €500:** Requires advance written consent from the relevant Functional VP.

4. TRAVEL GUIDELINES & STANDARDS

4.1 Commercial Air Travel

4.1.1 Cabin Class Entitlement

Cabin class eligibility is determined by continuous scheduled flight duration (single leg):

Continuous Flight Time (Single Leg)	Permitted Booking Class	Advance Authorization
Less than 6 hours	Economy Standard / Main Cabin	Direct Manager

6 hours to 10 hours	Premium Economy (if unavailable, Economy)	Department Head
Greater than 10 hours	Business Class	Functional VP + CFO
Any duration (Special Need)	Medical Accommodation Exception	People Team / HR + CFO

First Class commercial travel is strictly prohibited across all operational tiers without exception.

4.1.2 Booking Rules

- Flights must be booked at least **14 days in advance** for domestic/regional trips and **21 days in advance** for intercontinental travel, using the Company's designated Corporate Booking Tool (CBT).
- Travelers must select the lowest logical airfare within a **2-hour departure/arrival window** of the requested schedule.
- An airfare is deemed "logical" if the cost variance does not exceed **€120.00** compared to an alternate flight requiring no more than one layover under 2.5 hours.

4.1.3 Ancillary Airline Fees

- **Reimbursable:** One standard checked bag (up to 23 kg); seat assignment fee within the authorized cabin tier; essential Wi-Fi access on flights > 4 hours if active business work is performed.
- **Non-Reimbursable:** Priority boarding upgrades; lounge passes; paid entertainment streaming; excess baggage beyond 23 kg without prior cargo approval.

4.2 Rail & Public Ground Transit

- **Rail Travel:** Standard Second Class is mandated for trips under 3 hours. First Class rail is allowable for continuous journeys exceeding **3 hours**, or when the First Class ticket cost is lower than or equal to the Second Class flexible fare.
- **Metro, Tram, and City Bus:** Employees should prioritize local public transit for intra-city transit. Contactless payment slips or transit cards are fully reimbursable with receipt validation.

4.3 Taxis, Ridesharing, and Vehicle Rentals

4.3.1 Taxis and Rideshares (Uber, Bolt, etc.)

- Permitted when public transit is unavailable, unsafe, inefficient (resulting in >45 minutes delay), or when transporting heavy corporate equipment or samples.
- **Vehicle Tier Limit:** Standard/Comfort rides only. Premium/Black/SUV tiers are not reimbursable unless group size (4+ travelers with luggage) requires a larger vehicle.

4.3.2 Car Rentals

- **Authorized Vehicle Class:** Compact or Intermediate/Mid-Size. Full-size or SUV models require documented justification (e.g., severe weather conditions, 3+ employees carpooling, equipment transport).
- **Insurance:** When renting within the European Economic Area (EEA), use Company-negotiated corporate rates which include Collision Damage Waiver (CDW) and Third-Party Liability. When renting in North America, employees must opt into CDW/LDW coverage unless paying with a corporate card that provides primary rental coverage.
- **Refueling:** Vehicles must be returned fully refueled. Fuel charges from rental agencies billed at penalty rates are strictly non-reimbursable unless operational emergencies prevented refueling.

4.3.3 Personal Motor Vehicle Usage (Mileage Reimbursement)

Employees authorized to use personal vehicles for official business can claim standard mileage rates. Commuting from primary residence to regular workplace is non-deductible and non-reimbursable.

- **Automobile Rate (EEA):** €0.23 per kilometer.
- **Automobile Rate (UK):** £0.45 per mile (first 10,000 miles), £0.25 thereafter.
- **Automobile Rate (US):** Applicable IRS standard mileage rate for the calendar year.
- **Motorcycle Rate:** €0.15 per kilometer.
- **Bicycle / E-bike Commute Scheme:** Regulated under local country-specific mobility stipends.

Tolls and parking incurred during official travel are reimbursable with valid receipts. Parking fines, speeding tickets, and moving violations are 100% the personal liability of the driver.

4.4.1 Nightly Hotel Room Rate Caps

Room rates must be standard single-occupancy rooms. Maximum nightly allowances (room rate plus taxes, excluding meals):

Region / City Tier	Nightly Cap (Room + Taxes)	Examples
